THROWS SELF BENEATH TRAIN

Man Who Commits Suicide
Leaves Mysterious Intima-
tions in His Diary

SAID HIS NAME IS
FRANK KELSEATH

Nothing Known of Man Who
Was Killed By Santa Fe
Engine at Richfield

"I hope God forgives me, and I
forgive everybody. She is coming.
This is horrible."

These words were scribbled in a
diary found in the pocket of a man
who yesterday afternoon committed
suicide by throwing himself in front
of a passenger train approaching the
depot at Richfield. According to an
entry in the diary the man's name is
Frank Kelseath. There is an intima-
tion that the man has committed
some crime, just what may only be
conjectured.

The man had been hanging about
Richfield for two or three days. Yes-
terday afternoon he went to the depot
and asked the agent, N. M. Durker,
when the next train went through.
Durker told him that the train to Los
Angeles would arrive at 3:02 o'clock.
The man left the depot and walked up
the track about 200 yards.

Engineer Littler was bringing his
train into the station when he saw
the man step toward the rails and de-
liberately dive in front of the engine.
The body was thrown to one side of
the rails. Part of the side of the head
was torn away.

Deputy Coroner Mills went to Rich-
field and brought the remains here.
A search of the man's pockets found
nothing by which the man could be
identified other than the writing in the
diary. A little tobacco, cigarette pa-
pers, three matches and a freshly
sharpened pencil were found.

The diary was a new 1912 pocket
diary. In it was written the following:
"My true name is Frank Kelseath.
I am from Mississippi. The last name
I gave in Los Angeles is the name of a
friend of mine who died in B. C. I
knew all about the people and am
sorry their name was mentioned."

"In the last ten years I wandered
about the country. Always meant to
do good but my nature was too weak
to uphold the principles. I am just
as good as the average man and I
know something about human nature."
"I am sorry for the people of Mr.
Bullion. Had I taken their advice this
would not be my fate."

"The only time I have thought se-
riously of my mother was in the last
few days traveling through the hills.
I hope she never knows anything
about it."

"I hope God forgives me and I for-
give everybody.
"She is coming. This is horrible."
On another page is written:
"My imagination is great. My mind
is wandering. I would rather be dead
than live in shame."

The last words have a ring of in-
sanity about them, just as the pre-
ceding words have a ring of something
in the way of crime committed.

There was not a coin in the man's
pockets.
The man wore a brown suit, a soft,
much-soiled shirt, a light-colored
crushed-in-crown hat of 7 1/2 size. He
was 5 feet 7 inches tall, weighed
about 150 to 155, had brown eyes and
black hair and was somewhere around
34 years of age.

Because of the fact that the man
was killed near the place where the
Newport Beach bank robbers were
last seen and because of the intima-
tion of crime in the man's diary, the
theory was advanced that he might
be one of the bank robbers. However,
he does not fit the description of any
of them and it is not likely that he
would be penniless were he one of
the men who got away with \$600.

Coroner Winbigler held the inquest
this morning. Engineer Letterer was
the only witness who saw the man
run out to his death. The coroner's
jury brought in a verdict of suicide.

"LUCKY" BALDWIN ESTATE
CASE IN SUPREME COURT

SAN FRANCISCO, Jan. 19.—De-
claring the paternity of Beatrice
Anita Turnbull, claimant of a portion
of the "Lucky" Baldwin estate, was
settled in the recent Los Angeles
trial. Judge Hutton of Los Angeles
began his argument before the Su-
preme court on the appeal of Mrs.
Lillian Ashley Turnbull, the girl's
mother, for a portion of the estate.
Misconduct and error were charged
by Hutton against the opposing coun-
sel and the court in the Los Angeles
trial. He declared the trial was
marked by abuse of Mrs. Turnbull.
He effected numerous authorities as to
rights of illegitimate children to in-
herit.

New York Slays Her Babes Says Health Expert

NEW YORK, Jan. 19.—"I al-
ways pray before swallowing an
oyster," says Dr. Wiley, in an
attack on New York vendors of
impure food.
"Good milk should not be pas-
turized. It is the best baby food.
It cannot be improved. New
York spends two hundred mil-
lions for pure water, but not one
cent for pure milk. The city is
murdering its infants."

England Yet
Storm Swept
Death—Loss
LONDON, Jan. 19.—This is the third
day of storms sweeping the British

caused two hundred deaths and mil-

Rail and wire traffic is demoralized.
The storm still continues.

Roosevelt Choice
Of St. Louis G.O.P.
ST. LOUIS, Jan. 19.—By a vote of
15 to 19 the Republican city commit-
tee of St. Louis last night endorsed
Theodore Roosevelt for the Republi-
can nomination for President. A state-
wide movement in the interest
of Roosevelt is expected to crystal-
ize in the endorsement of the for-
mer President.

Committee Eulogizes Him as
Greatest Man of the
Known World
The movement in Missouri is sig-
nificant for the reason that it was
started after E. Mont Reilly of Kan-
sas City, president of the League of
Republican Clubs of Missouri, had
visited Colonel Roosevelt at Oyster
Bay and discussed the political
situation with him.

The Republican organization in the
state has made vigorous efforts to
hold it in line for Taft, but State
Chairman Morris concedes that the
sentiment is overwhelmingly for
Roosevelt.

The resolution recited the quali-
ties of the man and the statesman,
and referred to the former President
as "the foremost citizen and the
greatest man of the known world."

PRISON DOORS OPENED FOR MORSE

President Taft Commutes His
Prison Sentence of
15 YEARS

FAITHFUL WIFE HURRIES
TO HUSBAND'S BEDSIDE

Scarcely Believed Banker Will
Ever Leave Georgia Alive
—Is Critically Ill

WASHINGTON, Jan. 19.—Presi-
dent Taft last night commuted, to
expire immediately, the fifteen-year
sentence for violation of the national
banking laws under which Charles
W. Morse, the New York banker and
"ice king," has served two years in
the federal penitentiary at Atlanta,
Ga.

The commutation of sentence,
which gives Morse his freedom—but
which unlike a pardon, does not re-
store his civil rights—was granted
because of Morse's physical condi-
tion and upon recommendation of
Attorney General Wickersham and
Surgeon General Torney, U.S.A.

Mrs. Morse, radiant with joy, left
for Atlanta last night, after tele-
graphing the good news to her hus-
band.

Home Town Rejoices
BATH, Me., Jan. 19.—The news of
the commutation of the sentence of
Charles W. Morse by President Taft
roused this city, his birthplace, to re-
joicing last night. Led by a band,
several hundred men marched
through the streets, burning red fire
and cheering for Morse and Taft.

Telegrams were sent to Mr. and
Mrs. Morse and to the President, ex-
tending congratulations.

MORSE NOT LIKELY TO
LEAVE GEORGIA ALIVE
ATLANTA, Jan. 19.—Physicians be-
lieve that Chas. W. Morse will never
leave Georgia alive. The War De-
partment has wired permission to
Morse to remain at Ft. McPherson
hospital "until his condition makes it
safe to remove him to a private sanita-
rium."

Morse, who was convicted of bank
wrecking, was pardoned yesterday, as
a result of his reported dying condi-
tion. His release was brought about
by the untiring and devoted efforts of
his wife.

Morse was cheered by the news of
his release and insists he will recover.
His pulse is below normal and the
doctors fear a quick end. If he gains
strength he will be taken to the home
of E. J. Seeley, a newspaper publisher,
remaining there until strong enough
to go to Bad Nauheim for baths.

Morse stated he did not want to see
his personal friends, apparently feel-
ing his position. Reporters were not
admitted. Mrs. Morse is due from
Washington tonight. Dr. Fowler said
Morse might not live six months.

RYE BREAD AND TEA ARE
SECRET OF 102-YEAR LIFE
CHICAGO, Jan. 19.—After living 102
years, sustained the last decade on
tea and rye bread, James Cain, a Chi-
cago pioneer, died at the home of his
daughter, Mrs. Coyle, 6427 Parnell
avenue. He repeatedly told friends
that a diet of tea and rye bread, sup-
plemented with little other food, was
the secret of longevity.

He was born in London, England.
At the age of 17 he enlisted in the
English campaign in India, leaving
the army in 1850 and going to Chicago.
Here he became a stonemason, and on
the eve of the fire in 1879 he complet-
ed the construction work on the old
Crosby Opera House on Wabash ave-
nue.

ITALIANS DEFEAT
TURKS IN BATTLE
LONDON, Jan. 19.—Tripolitan dis-
patches say one hundred Turks were
killed and one thousand wounded in
the fiercest battle of the war when
the Italians repulsed an attack at
Derna. The Italians lost twenty killed
and seventeen wounded.

The fight raged four hours, the
Turks attempting to assault the for-
tifications without artillery support.
The Italians finally left the breast-
works and charged, driving the Turks
into the hills after two-thirds of their
number had fallen.

ITALIANS FOUND NO
CONTRABAND GOODS
PARIS, Jan. 19.—Italian torpedo
boats seized the French steamer "Man-
obau" bound for Tripoli with ninety
passengers including eighteen Turk-
ish nurses. The boat was taken to
Cagliari. No contraband goods were
found and feeling here is high. The
incident will probably cause an ex-
change of diplomatic notes.

NOVEL STUNTS AT AVIATION MEET

Promoter Ferris Promises Big
Things Including Aerial
Mail Service

WEDDING BELLS TO RING
IN GLENN MARTIN'S CAR

Woman Aviator to Fly—Ad-
vance-in-Travel-Methods
Parade at Opening Sat.

LOS ANGELES, Jan. 19.—United
States mail service, with four deliv-
eries daily; a real marriage in the
clouds, with a sky pilot performing
his duties while an air pilot (Glenn
Martin) holds the responsibility for
the safety of the youth and maid
being wed; a clash between a Jap-
anese and a Chinese aviator; and the
first public flights in Southern Cali-
fornia by a woman aviator; these are
a few of the things that Manager
Dick Ferris promises for his Peo-
ple's Aviation meet that opens Satur-
day at Dominguez field.

Ferris declared today in all sin-
cerity that \$100,000 in prize money
will be distributed. Furthermore, he
stated that certain remunerations
promised the better known aviators
will be delivered only on condition
that certain records are made. This
he declared had been arranged with
the consent of the men concerned.

Forty aviators are entered in the
meet. Many of them are Southern
Californians, while a majority are
men whose names are widely known.
A parade typifying the advance in
aviation methods will inaugurate
the sport Saturday. A camel, ridden
by a putative Arabian will be fol-
lowed by Indians and cowboys, cayuse-
mounted, conveying a stage coach of
the days of '49. A one-hoss shay
will rumble along with a high wheel
bicycle, followed by bicycles, motor-
cycles and automobiles of the
earliest vintage to date. Then an
aeroplane.

Ferris is sanguine as to the suc-
cess of his undertaking. He predicts
success for the meet, which will run
nine days.

CUBANS ARE
AFTER PEACE
Scared By Prospect of Ameri-
can Invasion, Leaders Will-
ing to Make Concessions

WASHINGTON, Jan. 19.—"Ameri-
ca will not interfere with Cuba's dis-
turbances at this time."
This was the official statement
from the State Department following
the receipt of a note from American
Minister Baupre at Havana, stating
that political activity had ceased,
and no further developments are ex-
pected.

LEADERS OF FACTIONS
TO MAKE CONCESSIONS
HAVANA, Jan. 19.—Turbulence
that has marked the recent activi-
ties of the Cuban reactionaries is al-
layed today, pending the result of
the deliberations of a committee of
liberal congressmen, who are seek-
ing to determine upon a presidential
candidate who possesses sufficient
tact and executive ability to unite
the belligerent factions.

The committee, which was named
yesterday, met today. It is un-
derstood that Sr. Garcia Velez, for-
mer Cuban minister to Washington,
will be the eventual selection.

Prospects of American interven-
tion, threatened unless Cuba's inter-
nal troubles were settled, evidently
have caused a revulsion of feeling,
for the leaders of both factions to-
day appear willing to sacrifice points
in order to avert the proposed con-
tingency. An amicable settlement
today appears possible.

FRANK D. KELLOGG IS
AFTER SUPREME BENCH SIT
WASHINGTON, Jan. 19.—Frank D.
Kellogg, who successfully prosecuted
the government's case against the
Standard Oil Company, called on At-
torney General Wickersham yester-
day in reference to a suit pending
against the Union Pacific Railroad
Company, involving certain public
land purchases. On leaving the De-
partment of Justice he said:
"I am practicing law now, and
wish to make some money. I have
to hustle for a living. There is no
truth in the statement that I am a
candidate for the Supreme bench."

RENO MAN SHOTS
DIVORCED SPOUSE
THEN SUICIDES
RENO, Jan. 19.—Accepting his di-
vorced wife's challenge to shoot, Bid
Noyes, an employee of the Nevada
Packing Company murdered her and
then suicided. Noyes saw the woman
in her yard. She called: "Well Bid,
you might as well shoot me now as
any other time." Two bullets in her
body killed her instantly.

MASSACRES OCCUR IN KWANTUNG PROVINCE

Indescribable Barbarities—Volunteer De-
fense forming—Manchu Clan in
Wrangle Over Abdication.

SHANGHAI, Jan. 19.—Canton dis-
patches say that landais are looting
temples and monasteries and destroy-
ing shrines throughout the Kwang-
tung provinces. Stories of indescrib-
able barbarities and massacres are
told. A volunteer defense corps is or-
ganizing for action.

CONFERENCE RESULT
NOT MADE PUBLIC—
ANOTHER TOMORROW

SHANGHAI, Jan. 19.—Varying re-
ports have been given as to the re-
sult of the conference of the Manchu
clans. The most prevalent is that
they have agreed to abdication. They
may meet again tomorrow.

Cannot Reach Agreement
PEKIN, Jan. 19.—The empress
dowager and Prince Ching are en-
deavoring to persuade the younger
princes to submit to the republican
terms for the abdication. They are
opposed by Mongol priests, and no
decision has been reached yet. Pre-
mier Yuan is disgusted with their in-
ability to agree.

American Troops Arrive
PEKIN, Jan. 19.—The Fifteenth
American infantry has arrived from
China. They are preparing to guard
the American concessions on the
Peking-to-the-Sea railroad.

APPEAL TO POWERS TO
RECOGNIZE REPUBLIC
NANKING, Jan. 19.—An appeal to
the Powers for recognition has been
issued by the Chinese republic. Let-
ters have been sent to St. Peters-
burg, Rome, Paris, Berlin, London,
Washington and Tokio.

The circular is signed by Republican
Foreign Minister Wang Chung Wei
and reads: "The Manchu Government
having entered into negotiations con-
cerning the relinquishing of all rights
to the Chinese Republic, the latter
respectfully petitions recognition to
avoid further turbulence."

It is regarded that fighting will be
resumed on January 26 unless the ab-
dication occurs before then.

YUAN TO BE IN THE SADDLE
ACCORDING TO DISPATCHES
LONDON, Jan. 19.—The Pekin cor-
respondent of the Times telegraphs
that an understanding has been
reached between the republican lead-
ers and the imperial clan and that
two edicts will be issued at once to
carry this out. The first edict will
empower Prime Minister Yuan Shi
Kai to establish a republican form
of government. Yuan will accept,
whereupon the delegates at the Nan-
king conference will elect a new
president of the republic, Sun Yat
Sen retiring in his favor. Yuan will
accept the presidency.

Then a second edict will be issued
announcing the abdication of the
throne. After the abdication, Sun
Yat Sen will come to Peking to con-
fer with Yuan in regard to the for-
mation of the new government.

The republican leaders will allow
Emperor Pu Yi to retain the title of
Manchu emperor, but not "Emperor
of China."

Yuan proposes to grant the court
pensions amounting to five million
taels (about three million dollars)
per annum. Special honor will be
shown the dowager empress because
her husband, the late Kwang Hsu,
was the first reformer among mod-
ern emperors of China.

STATEWIDE FIGHT
FOR WAGE SCALE
Labor Will Seek 8-Hour Law
For All Employed Men
and Women

FRESNO, Jan. 19.—A statewide
fight for a minimum wage law and an
eight-hour law for all employed men,
women and children, the minimum
wage being two dollars daily, has been
authorized by the convention of the
State Building Trades Council. It is
planned to utilize the initiative and
referendum if necessary to secure the
law.

COUNCIL EXPRESSES FAITH
IN INDICTED LEADERS
FRESNO, Jan. 19.—Belief in the in-
nocence and integrity of the indicted
officials, backed with pledges of fi-
nancial and moral support, is con-
tained in the strongly worded report
of the committee considering O. A.
Twitmoore's report, read before and
adopted by the State Building Trades
Council in convention here.

The report of Special Prosecutor
Oscar Lawler in the McNamara
cases was roundly flayed. "Positive
proof of the dastardly character" of
the actions against Twitmoore was
the characterization of what the res-
olution alleged to be Lawler's ac-
tions toward the indicted laborites.

CONNORS, JUDGE AND
JURY VISIT TEMPLE
LOS ANGELES, Jan. 19.—Jurors,
attorneys, the judge and the prisoner
in the trial of Bert H. Connors,
charged with complicity in a plot to
dynamite the Hall of Records, vis-
ited the Labor Temple basement to-
day. They viewed the place above the
boiler where Witness Joseph
Bishop declared that Connors showed
him dynamite, saying it was to be
used in dynamiting the Hall of Re-
cords. They returned and court was
resumed.

BURGLAR AFTER PAPERS
IN DYNAMITING CASE
LOS ANGELES, Jan. 19.—It has
been declared that the home of Os-
car Lawler, special government prose-
cutor in the dynamite cases, was
ransacked about ten days ago by a
wounded burglar who was frighten-
ed away by Miss Hattie Lawler,
awakened by the flash of his dark
lantern. It is believed by the police
that the burglar was after valuable
papers and evidence in the dynamite
investigation thought to be in Law-
ler's possession. No jewelry or
money were taken.

of the government Indian school here
and to general news of interest to
Indians.

MAIN STREET SITE TO BE OFFERED

Jackman and Grubb Have Pro-
posal For Northeast Corner
at Santa Clara

GETTING MATTER
READY TO SUBMIT

Shoup to Build Depot if Poly
Goes There—Commence
Work on Extension Soon

Every effort is being made by S.
J. Jackman, W. L. Grubb and others
to get a proposal into shape for a
new offer of a site for the polytech-
nic high school.

The site that they propose is five-
teen acres at the northeast corner of
Santa Clara avenue and North Main
street, and comprises ten acres that
stand in the name of Miss Edith W.
Joy of New York and five acres that
belong to N. D. Palmer. The prop-
erty has 700 feet frontage on Main
and 900 on Santa Clara.

The ten acres that stand in Miss
Joy's name are subject to the liti-
gation in the suit brought by Mrs.
Minnie Taylor against Charles D. Taylor,
who conveyed the property to Rus-
sell T. Joy. Jackman and Grubb
have the consent of the attorneys in
the case and one of the litigants to
making the offer of this property for
a poly site.

Yesterday Jackman and Grubb
went to Los Angeles to see Paul
Shoup, head of the Pacific Electric
road. Shoup assured the men that
in case the high school is built at
that place the Pacific Electric will
build an attractive depot there.

In the conversation Shoup stated
that within a few days the Pacific
Electric will begin the construction
of the electric road extension to Or-
ange. This is an important piece of
news in itself.

The school board expects to finally
select a site next Tuesday evening.

BREAD RIOTS ON IN FACTORY TOWN

Women Hold Up Bakery Wag-
ons—Strikers' Savings Gone
—Store Raids Feared

LAWRENCE, Mass., Jan. 19.—
Bread riots by the striking mil-
lhands have been renewed. Crowds
of women held up the bakery wag-
ons, taking bread and pastry. The
majority of the strikers' savings
accounts have been exhausted.

Merchants fear attempts will be
made to raid their stores. Joseph
Eiter, a strike leader, has reaffirmed
that the only basis of settlement is
the granting of all demands that
have been made.

WHALE ASHORE BELOW LAGUNA

Measures Sixty Feet—Washed
Up High and Dry on
the Beach

A 60-foot whale is ashore on the beach at a point near Gough Island, below Arch Beach and Laguna Beach. The huge fellow floated ashore yesterday morning and was high and dry after the tide went out. This morning he was still fast ashore with every prospect that he would remain there. Residents of Arch Beach and Laguna Beach have found the sight an interesting one, and it is probable that a good many will go from here there within the next two or three days in order to get a look at the whale.

"The Landslide" at Grand, January 20

Grand Opera House

"The Landslide," the new play which has startled the dramatic world, will be given at the Grand Opera House, Saturday, Jan. 20, under the direction of Mr. Louis Morrison. The coming of this epoch-making play is an event that no man or woman who is alive to the tremendous changes lying just ahead should fail to take advantage of. This is not just one more play, over which to spend an evening when you have nothing else to do, but the

most significant development ever known in the dramatic history of America. Already the critics call Austin Adams, the author of "The Landslide," the "Bernard Shaw of America." People by the thousands and of every sort have packed the theaters week after week to see this irresistibly witty and tremendously appealing play, which deals in the most amazingly realistic way with the story of a young multi-millionaire who is running for governor of California, on the Socialist ticket. With rapid-fire wit and soul-search-

ing wisdom the breathless audiences sit and drink in the lessons taught, while sham after sham and lie after lie is riddled by the epigrams which Austin Adams drips from his wonder-working pen as if they were mere trifles. Roars of wholesome laughter shake the house, and the next moment handkerchiefs are surreptitiously used to brush away the tears that sparkle but do not burn. Yes, "The Landslide" is truly what the critics have called it—"the laugh that the world needs now" and "a kid glove play with brass knuckles."

A BACHELOR CLUB FORMED

Girls of Anaheim Have Organization That Names Fines For Breaking Rules

ANAHEIM, Jan. 18.—Ten jolly and popular Anaheim young women last Tuesday formed a bachelor girl's club, and from the plans laid out by the bery of pretty maids there will be something stirring all the time. Many stringent rules were adopted by the club. The one which is expected to pay the best in fines reads thus: "Any member of the Bachelor Girls' Club being seen in the company of a 'gentleman friend' will be fined according to the offense." Some of the members of the newly formed club looked upon this rule with much joy, while others frowned and said: "Well, I suppose we will have to carry an extra amount of 'change' with us after this."

The girls are wearing the Bachelor Girl snobs, and plans are on foot for a pajama evening, a kimono evening and a "stag" evening. A slumbering party will also be a special feature in the near future. Each member is to entertain the club as her turn arrives, the evenings being passed in the most original and unique manner.

The city is at present served by the Fullerton Domestic Water Company, a private corporation in which Tarver Montgomery is the principal owner. The improvements are expected to cost at least \$100,000.

AN IMPORTANT GAME ON TAP

Orange and Santa Ana Girls
Are to Meet in Cham-
pionship Game

The Orange County High School Girls' basket ball championship comes up for settlement tomorrow at 2:30 on the local court. The championship question will be settled if the Orange girls win. If the Santa Ana team get the big end of the score a third game may be necessary as the teams will then be tied. One thing is certain a championship game is on "docket." Orange beat Santa Ana some weeks ago but comparative scores with the Huntington Beach girls give the county seaters the odds. Since the former game the Santa Ana team has improved greatly under Miss Wilson's coaching. The home team will probably line up as follows: Misses Malan and Vise, forwards; Rittner and Lutz, centers, and Edwards and Perkins, guards. This line-up plays a pretty game, well worth seeing. The winning of the county championship may mean "a going after" the Southern California honor also.

COMMENT ON THE REPORT

The report of the grand jury was read with a great deal of interest in official circles and elsewhere, and has created a good deal of comment.

The Santa Ana city trustees are reported to take the attitude that the assertion of the report that the trustees should look more carefully after the clerical balances of the officers of the city clerk and city treasurer was hardly fair, in that the city trustees have no more control over the way the books of those officers are kept than the board of supervisors, for instance, over the way the county clerk and the county treasurer keep their books.

The county treasurer and the comment on that office by the grand jury has called out a great many expressions of regret that the report should have been worded as it was. That Treasurer Joplin is honest as the day and night are long is conceded by everybody, and as a banker yesterday expressed it, the money is all there to the last red cent and that is what the taxpayers want to know. Friends of Joplin at the courthouse say that since there are various systems and notions of keeping books, if the grand jury had stated that it recommended that the system of bookkeeping advised by the grand jury's experts should take the place of the system followed by the office, enough would have been said. As worded, unfair conclusions may be drawn by those not familiar with the conditions and personalities concerned in the matter.

The strictures of the grand jury were to the effect that the transfers were not itemized in the ledger. The ledger has totals only. The grand jury did not examine the treasurer's journal, where those transfers are itemized. According to that the difference between the grand jury and the treasurer is that the grand jury expected certain things to appear in one book when the system of the office was to keep them in another.

The system followed by Joplin was devised by G. J. Mosbaugh and has been followed ever since. There seems to be quite a general condemnation of the wholesale remarks of the grand jury in regard to the boards of education of the county, more properly speaking, the boards of school trustees. The report makes no exceptions. One wording has created considerable speculation as to just what is meant. That wording is "in the destruction of property," as it appears in the following paragraph concerning the boards of education:

"We condemn the business methods of the various boards of education over the county. The people pour money into the boards' hands unthinkingly; they turn around and throw it away both in waste of fund and destruction of property. We urge the people to call these boards to account, and require them to practice a little economy, and look after the property and finances in a more businesslike manner. We are all willing to pay out money for schools, but we condemn this reckless waste of the people's money as we see it all over the county, without care of results."

AVIATORS NUMBER CLOSE TO SIXTY

Fifty-six aviators, amateur and professional, 64 aerial craft of every type, six gigantic gas balloons, and one dirigible airship will leap into the air when Manager Dick Ferris gives the word on Dominguez Field Saturday afternoon, and for eight days the greatest aviation meet ever known will be the world's center of interest.

Every aviator who has gained fame through bravery and daring will be on the scene, ready to outdo his rivals. Beachey, "Dare Devil King of the Air," has arrived with his machine and is ready for anything. Glenn Martin, the fearless California aviator, has entered three fast machines, and, driving one of them himself, he will try to outdo the intrepid Beachey. The rivalry between Turpin and Parmelee of the Wright team, and the Curtiss quartette is almost bitter and it is expected that the most sensational and fearless flying ever witnessed on any field will take place when these two teams get into the air.

Blanche Scott, the dauntless birdwoman whose aerial capers have won her the sobriquet, "Tomboy of the Air," will go after the speed record when she races Myrtle Dennison, the nifty Los Angeles girl flyer. This will be the first match between the two famous flyers and interest is keen as to the outcome.

The race of all nations, Manager Ferris' latest novelty, will be a feature never before duplicated. Among the entries are Ladis Lewkowicz, the Russian birdman, Tom Gun, the fearless Chinese aviator, and a half dozen others representing every major

nation. These aviators are flying the highest powered machines that money can buy and interest in and about Los Angeles is at a fever heat. "We are preparing for the greatest crowd ever on record anywhere," said Manager Ferris the other day, "and with our list of entries there can be no doubt that this will be the most spectacular meet ever held in this country. The eyes of the world will be on Dominguez from Jan. 20 to 28 for this will bring forth practical knowledge to aeronautics."

"COMMON SENSE" POLITICAL MOTTO

So Says Beveridge Who Would
Boil U. S. Laws Into a
Decalogue

NEW YORK, Jan. 14.—The laws of the United States should be boiled down to a decalogue, common sense adopted as the motto for all future things political and every man made to understand that he is his brother's keeper.

Do these things at once, according to ex-Senator Albert J. Beveridge of Indiana, and in the resultant era will be none of the ills of which complaint is now heard from one end of the country to the other.

"Our laws are made for the protection and comfort of the middleman," he declared today. "There are about 90,000,000 of human beings in this country whose incomes average about \$400 a year. We cannot say with Cain: 'Am I my brother's keeper?' The modern man with an awakening civic conscience knows he is his brother's keeper."

"I don't know where insurgeny stops and socialism begins, nor do I care. I only know I preach the gospel and politics of common sense. We want laws that will protect and help our millions of starving human beings. We want to boil our law making down to the decalogue. We need to get back to the simple command of 'thou shalt not steal' and 'thou shalt not kill.'"

"We must think of our parties less and remember humanity more. Common sense must be the motto of the new political era."

THE Y. M. C. A.

Santa Ana people who are interested in the recently organized Young Men's Christian Association here will be glad to read the following summary furnished the Register by County Secretary Hamilton, of the work done during the past year throughout the world. Among the facts brought out are:

That 83 new Y. M. C. A. buildings were opened.

That the membership exceeded half a million.

That a Hebrew's gifts of \$150,000 resulted in six Colored Association building funds pledged of \$654,000.

That \$2,000,000 was pledged for Association buildings in foreign lands.

That the current expenses equaled \$9,351,133—a gain of \$2,225,000.

That the Association property equaled \$67,539,475—a gain of \$7,162,353, with \$12,115,000 more pledged and in hand for building.

That the general endowment funds exceeded one million—now \$1,125,000—a gain of \$425,000.

That \$1,000,000 was pledged in a single campaign for additional buildings. In ten days Philadelphia citizens underwrote \$1,030,000.

That so many branch buildings are being provided for and erected as at Philadelphia, Los Angeles, Montreal, Cleveland, Toronto, Pittsburg and Chicago.

That there were 101,546 men and boys in Bible classes, and an aggregate attendance of 5,486,895 at religious services and Bible classes.

That the attendance at shop meetings and Bible classes exceeded 1,000,000. It was 1,191,386.

That so great a number of men and boys declared their purpose to enter upon the Christian life—over 20,000—and in the foreign Associations an unprecedented number.

That 30,000 school boys were taught to swim in the campaigns.

That 15,000 foreigners of 41 nations were in clubs and classes.

That the educational enrollment was 62,000 students, a gain of 10,000.

That the physical department sought to make its members more effective health exponents—with its new Health League of 2,685 men, and its sanitary and first aid lectures.

That there were as many employed officers, 3,351—a gain of 424—and 1,200 attended summer training institutes.

That so many construction camps called for Association service.

That two "fleet secretaries" sailed with the navy.

That 130,000 immigrants were reached by the Association at sailing points, on landing, and in their new homes.

That so much was done for the industrial workers.

The Santa Fe is to be congratulated upon the appointment of Edmund R. Gregory as successor to Harold Moore, as traveling passenger agent in this district, with headquarters in Los Angeles. Mr. Gregory is a worthy son of a noble father, H. K. Gregory, general passenger agent of the Santa Fe at San Francisco. The elder Gregory has been with the Santa Fe for a quarter of a century, and is still one of its most active and efficient officers. The younger Gregory gives promise of a successful career as a railroad man, and will be kindly received by the traveling public not only on his own account, but for his father's sake as well.

The Register is gratified to note the progress of Y. M. C. A. work in this county under Secretary Hamilton. He is certainly a "live wire," and we confidently predict that he will awaken interest, arouse enthusiasm and demonstrate the practical value of his work to such an extent as to result in securing for Santa Ana a strong Y. M. C. A. with a good building and equipment. Certainly this is a consummation devoutly to be wished.

NOTICE TO CONTRACTORS

The building committee of the First M. E. church of Santa Ana, Cal., will receive bids for the remodeling of and additions to the church according to plans and specifications on file at F. W. STATEMENT CONCERNING REGISTRATION

To those who will register this year for the first time, and are more or less unfamiliar with the law in respect to registration, a word may not be amiss.

First: In order to have a voice in the selection of candidates for any party you MUST express a party preference in registering, and if you do not do so you cannot vote for ANY candidate in a primary election.

Second: In voting at a primary election, you can vote ONLY for those candidates of the party of which you declare your preference when registering.

This year the voters will have an opportunity to name candidates for congress, state senator, and assemblyman, and to express a preference for candidate for President, at the primary election to be held in this state. The primary election is, in fact, the most important, for this is the only election at which the voters have an opportunity to express a preference for party candidates. To make your vote and influence most effective it is not best to ally yourself with the majority party in choosing candidates, thus nominating desirable candidates in the party that will likely elect them at the general election following.

If you believe in the principles of ex-President Roosevelt, Senator Robert M. La Follette and Governor Hiram Johnson, in the moral reforms they have inaugurated and thus far carried forward, the proper control and regulation of railroads and other corporations, conservation of our natural resources, enforcement of our laws, and government by the people, then cannot your influence best be exerted by registering as a Republican and helping to select proper candidates for that party? We believe you can, because the Republican party is the dominant party in the county and state and will doubtless elect the officers to be voted for this coming year.

PROGRESSIVE REPUBLICAN PARTY OF ORANGE COUNTY.

MINE WORKERS MAY MAKE CHANGES IN CONSTITUTION

INDIANAPOLIS, Jan. 19.—The constitution committee of the United Mine Workers of America has reported, recommending a provision for the recall of officers for malfeasance upon petition of thirty per cent of the membership, and a revision of the preamble to add a workingman's compensation law and old age pensions is the object of the union. An amendment to provide a minimum wage scale was suggested.

JOHN BARRETT BOOSTS FOR LOW CANAL TOLLS

DETROIT, Jan. 19.—"Get ready for the Panama Canal," was the keynote of an address here last night by John Barrett, director of the Pan-American Union, at the annual banquet of the Lake Carriers' Association. Mr. Barrett said congress should settle the question of tolls at this session and he was emphatic in stating that the tolls should be low.

Declaring that reflex benefit sometimes is greater than direct benefit, Mr. Barrett said the general good which was to come from the Panama Canal and the Pan-American Congress would affect all classes of commerce.

NORTHERN WOMEN PUT BAN ON "RAGING" DANCES

SACRAMENTO, Jan. 19.—Designating the "Bunny Hug," "Texas Tommy," "Grizzly Bear," and other dances that come under the category of "ragging," as "low" and "common," and having their origin in the underworld—degrading in their influence—the executive committee of the Sacramento Women's Council has drafted a resolution condemning these dances.

The resolution says that while the spirit of the young people in taking up these dances is one of simple fun, the dances originated in the underworld and the mothers are called on to place the ban of disapproval on the dances.

FEDERAL SOLONS LOTH TO TALK OF WILSON INCIDENT

WASHINGTON, Jan. 19.—Federal legislators today were loth to discuss the evident breach between Gov. Woodrow Wilson and Col. Harvey, editor of Harper's Weekly, who Wilson requested to discontinue his open advocacy of the Wilson presidential cause.

In discussing the Harvey incident, the attack upon Wilson by Col. Henry Watterson, and other recent occurrences touching the Wilson candidacy, Senator Williams of Mississippi said:

"Governor Wilson is a Progressive. For that reason I am heartily in favor of his candidacy."

"There is nothing in the controversy affecting me," tersely remarked Champ Clark, speaker of the House. Senator Stone, of Missouri, apparently searching for effect and not for cause, said:

"There is nothing in Col. Watterson's statement that should hurt the feelings of the other candidates."

SAN FRANCISCO, Jan. 19.—That Japan will be adequately represented at the Panama-Pacific Exposition, was stated by E. Nagai, Japanese consul general at San Francisco, who is here today after a four-months' visit in Japan.

During his trip Mr. Nagai discussed the matter of Japan's participation in the exposition with various commercial bodies. While he would make no statement regarding the magnitude of his country's proposed exhibit, he indicated that it would be satisfactory to all concerned.

Mr. Nagai refrained from discussing the probable attitude of Japan to the new Chinese republic.

The Woman's Socialist Union

The Woman's Socialist Union met with Mrs. Minnie Eckart yesterday at her home on North Broadway. As requested at the previous meeting the quotations at roll call brought out the teachings of Socialism. The majority of quotations given yesterday were from the Bible. The sayings of Abraham Lincoln proved to be the

next favorite.

After the reading of the minutes the union's president related how she cast her first vote at the late election in Santa Ana. Mrs. Ellen F. Smith, the first woman to register in Orange County, also related her experience at the polls on Dec. 16, 1911.

During the business session Mrs. Margaret Day Taylor was unanimously elected press correspondent for the union.

It was announced that on Thursday, Jan. 25 the Socialist women of Santa Ana would give a box social at K. of P. hall, 306 1/2 East Fourth street. This hall will be the Socialist's headquarters for the coming year.

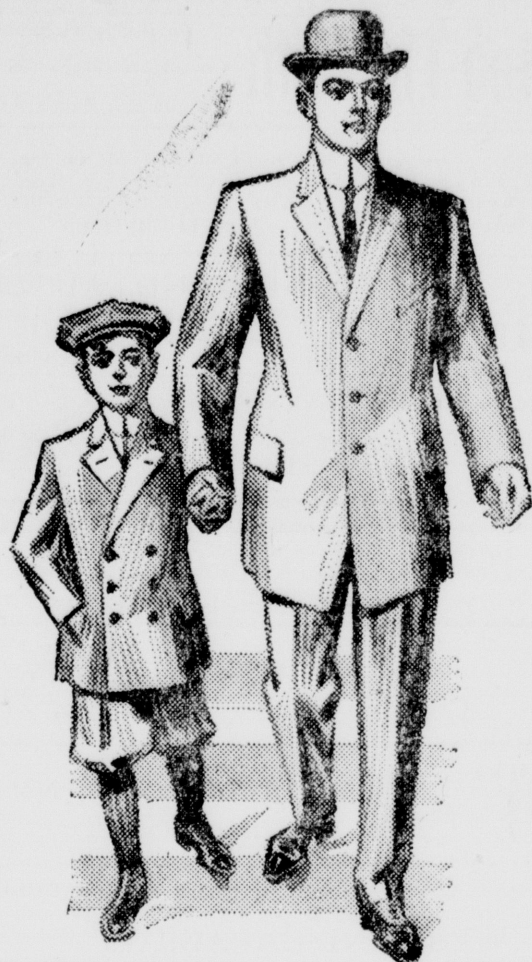

It was announced also that Kate Richards O'Leary, author and lecturer, would lecture at Spurgeon's hall on Feb. 5, and that over \$30 worth of tickets have been sold for this lecture.

After the business of the day was disposed of the union proceeded with its lesson for the day, eight pages of Marx and Engel's "Communist Manifesto." An interesting discussion followed the reading of this lesson with Mrs. Hogg and Mrs. Hardy as leaders.

The union will meet on Feb. 1, with Mrs. Florence Hogg at her home on East Second street.

Successful Musicales

Mrs. James S. Rice and Mrs. Rosa Boyd were joint hostesses yesterday afternoon at the Boyd home on Main street, the occasion being a most enjoyable musicale, given for the benefit of the guild hall fund of the Church of the Messiah.

Mrs. Rice, whose beautiful soprano voice is always a joy to her hearers, was graciously generous with it, and her solos were exquisitely given. Her duets with Mr. Wotton, whose clear

tenor is a source of much pleasure to his friends, were also enthusiastically received.

Miss Vivian Clayton's sweet voice was heard in a charming little solo, and piano numbers were given by Miss Kassa Bailey and by Mrs. A. J. Padgham, two artists whom it is always a delight to hear. Mr. James Willis Rice was heard in two charming violin numbers, Mrs. Rice acting as accompanist.

Tea and coffee and sandwiches were dispensed after the musical program was ended and besides being a delightful social function. The affair netted a very comfortable sum to be turned into the guild hall coffers.

Majors Entertain at Whist

Mr. and Mrs. E. R. Majors entertained at progressive whist last evening at their home on East Walnut street.

The early part of the evening was spent in social chat around a cheerful fire, after which the real entertainment of the evening, the fascinating game of progressive whist, was begun. Those who enjoyed the hospitality of Mr. and Mrs. Majors were Mr. and Mrs. Orlando James, Mr. and Mrs. Morrow, Mr. and Mrs. Clare Johnson, Mr. and Mrs. Frank Saunders, Mr. and Mrs. Walter Congdon and Mr. and Mrs. Fred Chapman.

The prize for ladies, a pair of ster-

ling silver embroidery scissors, was won by Mrs. Orlando James. The best score for men was made by Clare T. Johnson, who won a handsome piece of cut glass.

The hostess with true southern hospitality served a delicious two course luncheon.

Church Supper

In the newly completed banquet room of the Methodist Church South, there was served last night a bountiful supper to the members of the church, with the stewards of the church as hosts. The long tables were decorated in violets and asparagus ferns, and streamers of crepe paper were festooned from the center of the room to the corners. Smilax circled the pillars of the room which presented a most festive appearance. Good things galore adorned the table, chicken pie being the piece de resistance. Following the supper, the 200 guests sojourning to the parlors of the church where an excellent program was given including a piano solo by Harry Warne, several vocal selections by the Baraca quartette, readings by Thomas Haughton, a trombone solo by Geo. Dunning. Brief addresses were made by District Attorney L. A. West, B. F. Beswick, Frank Greenleaf, G. S. Harper and Rev. Stem.

Both before and after the supper and program a social time was enjoyed.

Mrs. Rice Was Inspiration

Miss Mercedes Ciesielska writes from Los Angeles, referring to a recent notice of her in the Register that Mrs. James S. Rice has "been all of the inspiration" in Miss Ciesielska's musical work. She says: "She was the first and only one in Santa Ana that gave me voice instruction and if I ever make any marked career I always will look back to Mrs. Rice."

AT THE COURT HOUSE

ROADWAY GOES TO THE COURT

Anaheim Neighbors Will Settle
Their Differences Through
the Law

O. B. Conway of Anaheim brought suit yesterday afternoon against two of his neighbors, Lyman D. Twogood and J. H. Hanes. He asserts that they are plowing up a roadway for which he has a right-of-way deed, and that in the last two weeks they have put fences across the road.

The complaint was filed by Attorneys Tipton & Cailor. It states that the right-of-way is for a twenty-four foot road along the line between the Twogood and Hanes places. This right-of-way is alleged to date back to 1877 when W. H. Bentley bought twelve feet from Miles Fawcett and a later owner, John H. Cole, bought another twelve-foot strip from M. M. Thompson. Conway states that he has had an undisputed roadway to his ten-acre ranch, but that now his neighbors are encroaching upon it by plowing it up and throwing fences across it. Conway estimates his damages at \$300 and asks judgment for that amount and for a restraining order prohibiting Twogood and Hanes from interfering with the road.

Case Is Appealed

Appeal papers were filed in the superior court yesterday in the case of Poston & May against T. J. Downing, Downing, against whom the plaintiffs got judgment in Justice Cox's court, appeals.

May Send Man East

The Board of Supervisors, through the Southern California Panama Exposition Commission has been requested to send a representative to the land show at Kansas City, where the commission will have an exhibit to cost \$2500. W. W. Wilson of East Newport, representative of Orange county on the commission, has written to the supervisors suggesting that D. W. McDannald would be a good man to send. There has been some talk of sending Wilson. Wilson writes that he told the commission he did not think it advisable to send anyone, but other counties are sending representatives.

Williams Satisfied

County Clerk Williams has received a circular letter sent out by County Clerk J. P. Cook of Alameda county. Cook says that Senator Stetson of that county put through the bills establishing a registrar. In most counties the compensation is such that the natural arrangement will be to make the clerk the registrar of voters. In Alameda county the compensation is \$3000 per year, and Cook says that the bill was designed to take the business away from him by making the compensation enough to appoint a separate officer. He says the "exigencies of the political game" so arranged it. He has started a referendum petition to change the law. He asks all county clerks to aid in circulating the petition. County Clerk Williams is satisfied with the new law and will not take any part in the referendum matter.

Case Was Set

In the superior court this morning Attorney Ferguson was appointed to defend P. R. Stock, charged with swindling the First National Bank of Anaheim. The case was set for trial for April 1.

In the superior court this morning J. C. Jones, a Santa Ana painter, was adjudged insane and was taken to the asylum at Patton today.

The examination of Harry C. Swartz of Anaheim, charged with insanity, was set for Jan. 22.

Edwin L. West of Kansas City, was taken up at Fullerton yesterday for insanity. He has a number of railroad passes, and was formerly a telegraph operator. Sheriff Ruddock has telegraphed to the chief of police at Kansas City concerning the man.

YOUTH GOT OUT ON CLERK'S MISTAKE

Bond Was \$1500 But \$15 Was Accepted—Now Officers Again Hunt For Him

Yesterday Deputy Sheriff Squires arrested a youth, Walter Schroeder, at the ranch of Walter Hale south of Santa Ana and turned him over to a Los Angeles officer. The boy was taken before the juvenile court of Los Angeles on a grave charge, and his bond was fixed at \$1500. The bonds clerk mistook the figures for \$15, and allowed Schroeder to go on a \$15 cash bond. Last evening Sheriff Riddock got a telephone call from Los Angeles asking him to keep a lookout for Schroeder, to arrest and hold him.

MOST SEVERE COLD IS EASILY BROKEN

Surely Cures a Cold and Ends Grippe Misery in a Few Hours

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects, as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

TOO MUCH BLOOD FOR THE ROBBER

Sheriff Riddock has little faith in the theory that the bloody garments found in the Surf Gun Club house were left there by one of the Newport Beach bank robbers. He said that had a man been bleeding all the way from Newport Beach to that house as the amount of blood inside the house would indicate had been flowing, the man would have bled to death.

There are indications that someone used a curtain to make bandages, and took a handful of lard as a salve.

Last Saturday afternoon the keeper of the Surf Gun Club between Newport Beach and Huntington Beach, had occasion to visit a building used as a bunk house by the Newport Gun Club a short distance up the beach, going after a bucket that was in the house.

He was unable to gain admittance with his key, however, as the door had been locked from the inside. He returned to the Surf Clubhouse and did not again visit the shack until Monday, when he found blood where some one had crawled into a window. He immediately summoned Sheriff Riddock and Marshal Sorenson of Huntington Beach, who entered the house and found pools of blood on the floor, also a bloody coat and shirt left behind, taking instead a coat and shirt found hanging in the bunkhouse.

By the appearance of the blood on the floor and on the garments the man must have been shot in the right hand, or in the face. The front of the shirt was soaked with blood, but had no shot marks in it.

JAPS PLANT FIRST SEED FOR CANTALOUPE CROP

EL CENTRO, Jan. 19.—The first cantaloupe seed for the season of 1912 was planted Wednesday by the Japanese Association on its lands at Heber. This premier planting is twenty acres, and while considerable risk is being taken in having the tender plants nipped by a late frost, if it can be avoided the japs stand the chance of producing the very earliest melons in Imperial Valley.

During the ensuing ten days, however, many acres will be planted to cantaloupe seed in Imperial Valley. It is probable that the acreage will be about the same as that of last year. While numerous individuals will drop out of the melon game, it is understood that several of the commission men will have their own representatives in the field to plant acreage.
